Doesn't seem to be, but that's the way it is. It's as true and real as you can see it here. Don't you see?

Tell me how you did it Jesus of the night, to transform your body you who are the light. So how is it that nobody told you what a crazy plan! Honey, look at God come from heaven, where he's going to land.

When I think what you did for the love of God! You gave yourself freely but your luck went bad. And why didn't you run from that cross, dear? Or put up a fight? You don't have to answer, my darling, just turn out the light.

You who help the weary to know they are free, right there in your manger make a place for me. Jesus, please don't let anyone tell me, "You're not welcome here." 'Cause it's right beside you, my darling, that I want to be.

Trad. Linda McCrae

2. Pensar lo que hiciste,  
por amor de Dios,  
entero te diste  
y no se te dio.  
¿Y por qué no zafaste, cariño,  
de aquella cruz?  
No me digas nada, mi cielo,  
apagá la luz.

3. Vos que a los cansados  
supiste bancar,  
allí en tu pesebre  
haceme un lugar,  
y no dejes que nadie me diga:  
"Vos aquí no entrás",  
porque al lado tuyo, mi vida,  
quiero descansar.
